High quality photography is essential. We are looking for photographs of the finished work, not step-by-step shots. Home bakers, pastry chefs, and independent artisan bakeries are all eligible to submit.

The submission process will be in three steps:

- 1.** Email 1000cakes@sbcglobal.net, and either include a link to your website or online portfolio for our review, or attach **no more than 4** low-res JPEG images of your work (each file should be under 1 MB). Name each attachment with your last name, and the numbers 1-4.
- 2.** If your low-resolution images are provisionally accepted, you will be given instructions on how to **upload the corresponding high resolution files**, and you will be required to fill out a Grant of Rights form allowing the publisher the permission to print your images. You may also submit an additional 6 high-res images at this time, for a total of no more than 10 photos entered into the final jurying round.
- 3.** **1000 images will be selected for publication.** If selected, you will not be required to provide directions on how to make your dessert, but you will need to briefly describe your techniques.

Published contributors will be credited on the pages where their image(s) appear, as well as in the artist directory. Contributors will also have the opportunity to purchase copies of the book at a 50% discount.

Deadline: **January 8, 2010**

Acceptance begins immediately: early submissions are encouraged
